CONCEPTS AND ROLES

The Board of Education desires to represent the community and provide leadership in addressing community issues related to education. In order to identify community concerns and enlist support for the schools, the Board shall establish effective two-way communication systems between schools and the community.

Schools, parents/guardians, community members and local organizations must continually collaborate as partners. The Board and the Superintendent or designee shall work together with city and county agencies and organizations to promote and facilitate coordinated services for children, and shall seek to develop partnerships with local businesses.

(cf. 1020 - Youth Services)
(cf. 1700 - Relations between Private Industry and the Schools)

The Board recognizes that schools are an important community resource and encourages community members to make appropriate use of school facilities. Community members are also encouraged to attend Board meetings, participate in school activities, and take an active interest in issues that affect the schools. The Board and Superintendent or designee shall keep community members well informed about district needs and accomplishments and shall ensure that they have opportunities to share in developing educational policies, programs and evaluation processes.

(cf. 0420.5 - School-Based Decision Making)
(cf. 0510 - School Accountability Report Card)

(cf. 1330 - Use of School Facilities)
(cf. 6020 - Parent Involvement)
(cf. 6141 - Curriculum Development and Evaluation)
(cf. 9323 - Meeting Conduct)

The Board recognizes that its ability to fulfill the community's expectations for a high-quality educational program depends on the level of support provided by the state and federal government as well as the community. The Board therefore shall study legislative processes and issues, establish ongoing relationships with state and local leaders and the media, adopt positions on key issues, set priorities for advocacy, and collaborate with other organizations and coalitions in legislative and legal advocacy efforts.

YOUTH SERVICES

The Board of Education realizes that the schools alone cannot meet children's complex individual needs. Parents/guardians, schools, local government, businesses, foundations and community-based organizations all must work together to assess needs, improve conditions for our community's youth, and ensure that the multiple services needed by children and families are coordinated so as to avoid gaps, duplication or delay.

The Board shall initiate or participate in collaborative relationships with city and county leaders to develop local policies and provide effective multi-agency programs that respond to the needs of children and families.

(cf. 1400 - Relations between Other Governmental Agencies and the Schools)

The Superintendent and staff shall contact and cooperate with public and private agencies to ensure the availability and effective implementation of child care, after-school, nutrition, health and other services for children. District staff shall have opportunities to learn collaborative skills that will enhance their participation in these efforts.

The Board shall regularly evaluate the progress of collaborative efforts and shall monitor district budget, facilities and personnel priorities for opportunities to promote community collaboration and youth services.

The Board shall advocate for local, state and national policies, legislation and programs designed to provide or better coordinate services for children and families.

The district shall provide support services for children and families to the extent possible.

MEDIA RELATIONS

The Board of Education respects the public's right to information and recognizes that the media significantly influence the community's understanding of school programs. In order to develop and maintain positive media relations, the Board and the Superintendent desire to reasonably accommodate media requests for information and to provide accurate, reliable and timely information.

Media representatives are welcome at all Board meetings and shall receive meeting agendas upon request in accordance with Board policy.

(cf. 9322 - Agenda/Meeting Materials)

Media representatives, like all other visitors, shall register immediately upon entering any school building or grounds when school is in session.

(cf. 1250 - Visitors/Outsiders)
(cf. 3515.2 - Disruptions)

Staff may provide the media with student directory information, including, but not limited to, the name of a student, school of attendance, grade level, honors, and activities, unless the student's parent/guardian has submitted a written request that such information not be disclosed. The district shall not release information that is private or confidential as required by law, Board policy or administrative regulation. No other access to student records or personally identifiable student information may be provided without written parent/guardian permission.

(cf. 1340 - Access to District Records)
(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)
(cf. 5125 - Student Records)
(cf. 5125.1 - Release of Directory Information)
(cf. 9010 - Public Statements)
(cf. 9321.1 - Closed Session Actions and Reports)

Interviewing and Photographing Students

The district shall not impose restraints on students' right to speak freely with media representatives at those times which do not disrupt a student's educational program. However, interviews of students may not create substantial disorder or impinge on the rights of others. Therefore, in order to minimize possible disruption, media representatives who wish to interview students at school should make prior arrangements with the principal. At their discretion, parents/guardians may instruct their children not to communicate with media representatives.

(cf. 5145.2 - Freedom of Speech/Expression)
MEDIA RELATIONS (continued)

In order to protect the privacy and safety of students, a media representative who wishes to photograph students on school grounds should first make arrangements with the principal or designee.

When interviewing or photographing a special education student, he/she shall not be identified as a special education student without prior, written parent/guardian permission.

Media Communications Plan

In order to help develop strong relations with the media, the Superintendent or designee may develop a proactive media communications plan. This plan may include, but not be limited to, information related to district programs and needs, student awards, school accomplishments and events of special interest.

(cf. 0510 - School Accountability Report Card)
(cf. 1100 - Communication with the Public)
(cf. 1160 - Political Processes)

The plan shall specify the district's and/or site's primary media contact to whom all media inquiries shall be routed. Spokespersons designated to speak to the media on behalf of the district include the Board president, Superintendent and public information officer. Other Board members and staff may be asked by the Superintendent or designee to speak to the media on a case-by-case basis, depending on their expertise on an issue.

The Superintendent or designee shall provide training on effective media relations to all designated spokespersons.

(cf. 9240 - Board Development)

Crisis Communications Plan

During a disturbance or crisis situation, the first priority of school staff is to assure the safety of students and staff. However, the Board recognizes the need to provide timely and accurate information to parents/guardians and the community during a crisis. The Board also recognizes that the media have an important role to play in relaying this information to the public. In order to help ensure that the media and district work together effectively, the Superintendent or designee shall develop a crisis communications plan to identify communication strategies to be taken in the event of a crisis.

(cf. 0450 - Comprehensive Safety Plan)
(cf. 3516 - Emergency and Disaster Preparedness Plan)
MEDIA RELATIONS (continued)

The crisis communications plan may include but not be limited to identification of a media center location, development of both internal and external notification systems, and strategies for press conference logistics.

The Superintendent or designee shall include local law enforcement and media representatives in the crisis planning process.

Ballot Measures/Candidates

No district funds, services, supplies, or equipment shall be used to urge the support or defeat of any ballot measure or candidate, including any candidate for election to the Board. (Education Code 7054)

The Board may discuss and study the potential effect of proposed or qualified ballot measures on the district's schools at an open and agendized Board meeting. The Board's discussion of the effect of such measures shall include an opportunity for staff and members of the public to speak on all sides of the issue. At that meeting, the Board may adopt a position or resolution in support of or in opposition to a ballot measure. The language in any resolution adopted by the Board shall not urge the public to take any action regarding the measure.

(cf. 9320 - Meetings and Notices)

The Board's position on a ballot measure, including any resolution, shall be publicized only through normal district procedures and consistent with regular district practice for reporting Board actions. Such publicity shall be for informational purposes and shall not attempt to influence voters.

The Superintendent or designee may use district resources to provide students, parents/guardians, and community members with fair and impartial information related to ballot measures, including information about the impact of ballot measures on the district. (Education Code 7054)

(cf. 1100 - Communication with the Public)

In preparing or distributing such informational material, the Superintendent or designee shall analyze the material to help ensure that it is an appropriate informational activity, provides a fair analysis of the issues, and does not advocate passage or defeat of a measure or candidate.
District resources, including email or computer systems, shall not be used to disseminate campaign literature. In addition, district resources shall not be used to purchase advertisements, bumper stickers, posters, or similar promotional items that advocate an election result or urge voters to take any action in support of or in opposition to a measure.

(cf. 1325 - Advertising and Promotion)

Political activity related to district bond measures shall, in addition to the above, be subject to the following conditions:

1. The Superintendent or designee may research, draft, and prepare a district bond measure or other initiative for the ballot, but shall not use district resources to influence voters or otherwise campaign for the measure.

2. Upon request, Board members and district administrators may appear at any time before a citizens' group to explain why the Board called for an election on a bond measure and to answer questions. (Education Code 7054.1)

   If the presentation occurs during working hours, the employee representing the district shall not urge a citizens' group to vote for or against the bond measure.

3. The Board or any individual Board member may file a written argument for the ballot that is either for or against any school measure. (Elections Code 9501)

Legislation

The Board's responsibility as an advocate for the district may include lobbying and outreach at the state, national, and local levels. The Board and Superintendent or designee shall work to establish and maintain ongoing relationships with elected officials, community leaders, and the media in order to communicate district positions and concerns.

(cf. 1020 - Youth Services)
(cf. 1112 - Media Relations)
(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)
(cf. 7131 - Relations with Local Agencies)

The Board and Superintendent shall develop an advocacy action plan to define expectations and responsibilities. This plan may include, but is not limited to, legislative priorities, strategies for outreach to the media and community, development of key messages and talking points, and adoption of positions on specific legislation, regulations, or budget proposals.
POLITICAL PROCESSES (continued)

In order to strengthen legislative advocacy efforts, the district may work with organizations and coalitions and may join associations whose representatives lobby on behalf of their members in accordance with Government Code 53060.5.

The district may provide fair and impartial information about legislative issues affecting schools and children and shall inform the community about its advocacy activities. However, informational materials about legislation shall not urge the public to lobby the legislature, Governor, or state agencies on behalf of the district.

As necessary, the Board may direct the Superintendent or designee to draft legislative or regulatory proposals which serve the district's interests.

Legal Advocacy

The Board recognizes that some issues are more appropriately addressed judicially rather than legislatively. When a legal issue is likely to set a state or national precedent, the district may join with other districts or parties in order to resolve the issue through litigation or other appropriate means.

(cf. 9124 - Attorney)
(cf. 9321 - Closed Session Purposes and Agendas)

UNIFORM COMPLAINT PROCEDURES  (continued)

a. The district is primarily responsible for compliance with state and federal laws and regulations

b. The complaint review shall be completed within 60 calendar days from the date of receipt of the complaint unless the complainant agrees in writing to an extension of the timeline

c. An unlawful discrimination complaint must be filed not later than six months from the date the alleged discrimination occurs, or six months from the date the complainant first obtains knowledge of the facts of the alleged discrimination

d. The complainant has a right to appeal the district’s decision to the CDE by filing a written appeal within 15 days of receiving the district’s decision

e. The appeal to the CDE must include a copy of the complaint filed with the district and a copy of the district’s decision

(cf. 5145.6 - Parental Notifications)

Procedures

The following procedures shall be used to address all complaints which allege that the district has violated federal or state laws or regulations governing educational programs. Compliance officers shall maintain a record of each complaint and subsequent related actions, including all information required for compliance with 5 CCR 4631 and 4633.

All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, public agency, or organization may file a written complaint of alleged noncompliance by the district. (5 CCR 4630)

A complaint alleging unlawful discrimination shall be initiated no later than six months from the date when the alleged discrimination occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged discrimination. A complaint may be filed by a person who alleges that he/she personally suffered unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to unlawful discrimination. (5 CCR 4630)

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp.
UNIFORM COMPLAINT PROCEDURES  (continued)

If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist him/her in the filing of the complaint. (5 CCR 4600)

Step 2: Mediation

Within three days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a discrimination complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. (5 CCR 4631)

Step 3: Investigation of Complaint

The compliance officer is encouraged to hold an investigative meeting within five days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or his/her representative to repeat the complaint orally.

The complainant and/or his/her representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint. (5 CCR 4631)

A complainant’s refusal to provide the district’s investigator with documents or other evidence related to the allegations in the complaint, or his/her failure or refusal to cooperate in the investigation or his/her engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation. (5 CCR 4631)

The district’s refusal to provide the investigator with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant. (5 CCR 4631)
UNIFORM COMPLAINT PROCEDURES  (continued)

Step 4: Response

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report of the district's investigation and decision, as described in Step #5 below, within 60 days of the district’s receipt of the complaint. (5 CCR 4631)

Step 5: Final Written Decision

The district's decision shall be in writing and sent to the complainant. (5 CCR 4631)

The district's decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The decision shall include:

1. The findings of fact based on the evidence gathered (5 CCR 4631)
2. The conclusion(s) of law (5 CCR 4631)
3. Disposition of the complaint (5 CCR 4631)
4. Rationale for such disposition (5 CCR 4631)
5. Corrective actions, if any are warranted (5 CCR 4631)
6. Notice of the complainant's right to appeal the district’s decision within 15 days to the CDE and procedures to be followed for initiating such an appeal (5 CCR 4631)
7. For discrimination complaints, notice that the complainant must wait until 60 days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies (Education Code 262.3)

If an employee is disciplined as a result of the complaint, the decision shall simply state that effective action was taken and that the employee was informed of district expectations. The report shall not give any further information as to the nature of the disciplinary action.

Appeals to the California Department of Education

If dissatisfied with the district's decision, the complainant may appeal in writing to the CDE within 15 days of receiving the district's decision. When appealing to the CDE, the complainant must specify the basis for the appeal of the decision and whether the facts are
incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and a copy of the district’s decision. (5 CCR 4632)

Upon notification by the CDE that the complainant has appealed the district’s decision, the Superintendent or designee shall forward the following documents to the CDE: (5 CCR 4633)

1. A copy of the original complaint
2. A copy of the decision
3. A summary of the nature and extent of the investigation conducted by the district, if not covered by the decision
4. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties and gathered by the investigator
5. A report of any action taken to resolve the complaint
6. A copy of the district’s complaint procedures
7. Other relevant information requested by the CDE

The CDE may directly intervene in the complaint without waiting for action by the district when one of the conditions listed in 5 CCR 4650 exists, including cases in which the district has not taken action within 60 days of the date the complaint was filed with the district.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of the district's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For discrimination complaints, however, a complainant must wait until 60 days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the district has appropriately, and in a timely manner, apprised the complainant of his/her right to file a complaint in accordance with 5 CCR 4622.

CIVILITY

Members of the Pajaro Valley Unified School District staff will treat parents and other members of the public with respect and expect the same in return. The district is committed to maintaining orderly educational and administrative processes in keeping schools and administrative offices free from disruptions and preventing unauthorized persons from entering school/district grounds.

This policy promotes mutual respect, civility and orderly conduct among district employees, parents and the public. This policy is not intended to deprive any person of his/her right to freedom of expression, but only to maintain, to the extent possible and reasonable, a safe, harassment-free workplace for our students and staff. In the interest of presenting district employees as positive role models to the children of this district, as well as the community, the Pajaro Valley Unified School District encourages positive communication and discourages volatile, hostile or aggressive actions. The district seeks public cooperation with this endeavor.

Disruptions

Any individual who disrupts or threatens to disrupt school/office operations; threatens the health and safety of students or staff; willfully causes property damage; uses loud and/or offensive language which could provoke a violent reaction; or who has otherwise established a continued pattern of unauthorized entry on school district property, will be directed to leave school or school district property promptly by the Superintendent, principal or designee.

If any member of the public uses obscenities or speaks in a demanding, loud, abusive and/or demeaning manner, the administrator or employee to whom the marks are directed will calmly and politely admonish the speaker to communicate civilly. If corrective action is not taken by the abusing party, the district employee will verbally notify the abusing party that his/her participation in the meeting, conference or telephone conversation is terminated and, if the meeting or conference is on district premises, the offending person will be directed to leave promptly.

When an individual is directed to leave under the above circumstances, the Superintendent, principal or designee shall inform the person that he/she will be guilty of a misdemeanor in accordance with Californian Education Code 44811 and Penal Codes 415.5 and 626.7 if he/she reenters any district facility within 30 days after being directed to leave, or within seven days if the person is a parent/guardian of a student attending that school. If an individual refuses to leave upon request or returns before the applicable period of time, the Superintendent, principal or designee may notify law enforcement officials.

(cf. 5131.4 Campus Disturbance)
(cf. 9323 Meeting Conduct)
CIVILITY (continued)

Safety And Security

The Superintendent or designee will ensure that a safety and/or crisis intervention techniques program is provided in order to raise awareness on how to deal with these situations if and when they occur.

When violence is directed against an employee, or theft against property, employees shall promptly report the occurrence to their principal or supervisor and complete an Incident Report.

An employee whose person or property is injured or damaged by willful misconduct of a student may ask the district to pursue legal action against the student or the student’s parent/guardian.

Documentation

When it is determined by staff that a member of the public is in the process of violating the provisions of this policy, an effort should be made by staff to provide a written copy of this policy, including applicable code provisions, at the time of occurrence.

Following any violation of the provisions of this policy, the employee will immediately notify his/her supervisor and provide a report of the incident on the attached form.

SOLICITATION OF FUNDS FROM AND BY STUDENTS

The Board of Education recognizes that student participation in fund-raising activities for the schools and nonprofit, nonpartisan charitable organizations can help develop a sense of social responsibility in students, enhance the relationship between the school and community, and contribute to the improvement of the school program.

Whether solicitations are made on behalf of the school or on behalf of a charitable organization, students shall not be barred from an event or activity because they did not participate in fund-raising. Potential donors, including parents/guardians and members of the community, should not be unduly pressured to contribute to the school system or charitable organizations. Staff is expected to emphasize the fact that donations are always voluntary.

The Superintendent or designee shall ensure that parents/guardians are informed of the purpose of fund-raisers.

Solicitations on Behalf of the School

With the prior written approval of the Superintendent or designee, official school-related organizations may organize fund-raising events involving students.

After the fund-raiser has been held, parents/guardians shall be informed how much money was raised and how it was spent.

Solicitations on Behalf of Charities

When approved in advance by the Superintendent or designee, nonprofit, nonpartisan organizations that are properly chartered or licensed by state or federal law may solicit students on school grounds during school hours and within one hour before school has opened and one hour after school has closed. 14. Any other records listed as exempt from public disclosure in the California Public Records Act or other statutes

Inspection of Records and Requests for Copies

Public records are open to inspection at all times during district office hours. Any reasonably segregable portion of a record shall be made available for inspection by every person requesting the record after deletion of the portions that are exempted by law. (Government Code 6253)
**ACCESS TO DISTRICT RECORDS (continued)**

Every person may request a copy of any district record open to the public and not exempt from disclosure. (Government Code 6253)

Within 10 days of receiving any request for a copy of records, the Superintendent or designee shall determine whether the request seeks copies of disclosable public records in the district's possession. The Superintendent or designee shall promptly inform the person making the request of his/her determination and the reasons for the decision. (Government Code 6253)

In unusual circumstances, the Superintendent or designee may extend the 10-day limit for up to 14 days by providing written notice to the requester and setting forth the reasons for the extension and the date on which a determination is expected to be made. Unusual circumstances include the following, but only to the extent reasonably necessary to properly process the request: (Government Code 6253)

1. The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request
2. The need to search for, collect and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request
3. The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the district having substantial subject matter interest therein
4. The need to compile data, to write programming language or a computer program, or to construct a computer report to extract data

If the Superintendent or designee determines that the request seeks disclosable public records, the determination shall state the estimated date and time when the records will be made available. (Government Code 6253)

Upon request for a copy that reasonably describes an identifiable record, an exact copy shall be promptly provided unless it is impracticable to do so. (Government Code 6253)

The Superintendent or designee shall charge an amount for copies that reflects the direct costs of duplication. Written requests to waive the fee shall be submitted to the Superintendent or designee.
ACCESS TO DISTRICT RECORDS  (continued)

If any person requests a public record be provided in an electronic format, the district shall make that record available in any electronic format in which it holds the information. The district shall provide a copy of the electronic record in the format requested as long as the requested format is one that has been used by the district to create copies for its own use or for use by other agencies. (Government Code 6253.9)

The cost of duplicating an electronic record shall be limited to the direct cost of producing a copy of the record in electronic format. However, the requester shall bear the cost of producing the copy of the electronic record, including the cost to construct the record and the cost of programming and computer services necessary to produce the copy, under the following circumstances: (Government Code 6253.9)

1. The electronic record is one that is produced only at otherwise regularly scheduled intervals
2. The request would require data compilation, extraction, or programming to produce the record

Assistance in Identifying Requested Records

If the Superintendent or designee denies a request for disclosable records, he/she shall assist the requester in making a focused and effective request that reasonably describes an identifiable record. To the extent reasonable under the circumstances, the Superintendent or designee shall do all of the following: (Government Code 6253.1)

1. Assist in identifying records and information responsive to the request or the purpose of the request, if specified

   If after making a reasonable effort to elicit additional clarifying information from the requester to help identify the record, the Superintendent or designee is still unable to identify the information, this requirement will be deemed satisfied.

2. Describe the information technology and physical location in which the records exist

3. Provide suggestions for overcoming any practical basis for denying access to the records or information sought

Provisions of the Public Records Act shall not be construed so as to delay access for purposes of inspecting records open to the public. Any notification denying a request for public records shall state the name and title of each person responsible for the denial. (Government Code 6253)
RELATIONS BETWEEN OTHER GOVERNMENTAL AGENCIES AND THE SCHOOLS

The Governing Board recognizes that agencies at all levels of government share its concern and responsibility for the health, safety, and welfare of youth. The Board and Superintendent or designee shall initiate and maintain good working relationships with representatives of these agencies in order to help district schools and students make use of the resources which governmental agencies can provide.

Elections/Voter Registration

If a city or county elections official specifically requests the use of a school building as a polling place, the Board shall allow its use for such purpose. The Board may authorize the use of school buildings as polling places on any election day, and may also authorize the use of school buildings, without cost, for the storage of voting machines and other vote-tabulating devices. If school will be in session, the Superintendent or designee shall identify to elections officials the specific areas of the school buildings not occupied by school activities that will be allowed for use as polling places. (Elections Code 12283)

(cf. 6111 - School Calendar)

When a school is used as a polling place, the Superintendent or designee shall provide the elections official a site with an adequate amount of space that will allow the precinct board to perform its duties in a manner that will not impede, interfere, or interrupt the normal process of voting and shall make a telephone line for Internet access available for use by local elections officials if so requested. He/she shall make a reasonable effort to ensure that the site is accessible to disabled persons. (Elections Code 12283)
RELATIONS BETWEEN OTHER GOVERNMENTAL AGENCIES AND THE SCHOOLS (continued)

The Superintendent or designee shall designate a contact person at each high school for the Secretary of State to contact in order to facilitate the distribution of voter registration forms to eligible students. The Superintendent or designee shall provide the address, phone number, and email address of each contact person to the Secretary of State. (Elections Code 2148)

To encourage students to participate in the elections process when they are eligible, the Superintendent or designee shall determine the most effective means of distributing the voter registration forms provided by the Secretary of State including, but not limited to, distributing the forms at the start of the school year, with orientation materials, at central locations, and/or with graduation materials.

RELATIONS BETWEEN PRIVATE INDUSTRY AND THE SCHOOLS

The Board of Education encourages representatives of private industry to participate with the schools in preparing our students for challenges they will meet in the future. Working together as partners, business and the schools should seek to educate citizens who can contribute to the productive workforce on which our economy depends.

The Superintendent or designee shall invite local employers to serve on advisory committees, help design regular, vocational and technical programs, and provide needs assessments, program evaluations, and/or staff development for school managers and teachers. Businesses may also provide classroom assistance, individual tutoring, incentive and recognition programs, work experience opportunities, apprenticeship programs and employment opportunities. The Board recognizes that staff members need adequate time to plan these activities in cooperation with the business volunteers.

(cf. 1220 - Citizen Advisory Committees)
(cf. 1240 - Volunteer Assistance)
(cf. 6178 - Vocational Education)

The Board also encourages private industries to contribute funds and equipment to further the district's educational programs. To prepare for an increasingly technological job market, students especially need access to equipment that meets current business standards.

(cf. 1260 - Educational Foundation)
(cf. 3290 - Gifts, Grants and Bequests)

The Board urges employers to further support the schools by recognizing their employees' needs as parents, accommodating their needs for child care, and supporting their involvement with their children's schools.

(cf. 1250 - Visitors/Outsiders)
(cf. 6020 - Parent Involvement)

The Superintendent or designee shall ensure that staff, students, and parents/guardians have the opportunity to periodically assess the support which local businesses provide our schools. The Superintendent or designee shall regularly report these evaluations to the Board and recommend those individuals and/or businesses whose contributions merit Board commendation.
